<p>April Food Focus: Garden Vegetables, All Vegetables can be grown in the garden, but some are easier to grow than others. Garden Vegetables that are fun to grow (and eat) include string beans, leafy greens, tomatoes, squash, cucumbers and potatoes. Vegetable Garden can be planted anywhere, but they need three main things to grow. Lots of Sunlight, water and Good Soil.</p>				
<p>A Full Student breakfast includes are offered with featured fruit and juice sides and a choice of milk</p>				
<p>usda is an equal opportunity employer and provider</p>
